Linking your RNCM email account with Zoom

Option 1

Ensure that you are signed out of Zoom in your web browser as well as in the Desktop Client if you have downloaded it and already have an account

Visit https://zoom.us/signin
Scroll down the screen click on the Sign in with SSO button
In the Company Domain box enter rncm
Click Continue
If prompted sign in using your normal RNCM email address, password and 2FA code

Option 2

Ensure that you are signed out of Zoom in your web browser as well as in the Desktop Client if you have downloaded it and already have an account

Visit https://rncm.zoom.us/
Click on Sign In
If prompted sign in using your normal RNCM email address, password and 2FA code

Option 3

If you have not already done so, download the Desktop client from https://zoom.us/support/download
Ensure you have signed out of the Zoom App if you already have an account
Click Sign In with SSO
In the Company Domain box enter rncm
If prompted sign in using your normal RNCM email address, password and 2FA code.

If you have a separate personal account for Zoom you will need to ensure that you switch accounts to access the appropriate functionality included in your RNCM account. Academic sessions require that you use your RNCM account but you are also invited to use this account for any personal use of Zoom during this difficult period.

If you have additional queries or need support please contact SoundandVideo@rncm.ac.uk
